## We're Flattered, Mayor And We May Act!

An Open Letter to Mayor John C. Houlihan, Oakland, California.  
**DEAR MAYOR HOULIHAN:**

We were flattered by your recent statements which appeared in a metropolitan daily newspaper.

We were so flattered, in fact, that we would like to make you, and your city, a few presentations.

In a speech you made, Mayor, at the recent League of California Cities convention in San Francisco, you pointed out that Oakland is "bleeding to death while feeding the perimeter areas."

We, of Central Contra Costa County, gathered that you included us in the "perimeter area" classification.

Oh yes, and you said that your problems were being compounded because the wealthy residents of your fair city are moving, the article said, "as far as they can get."

You also said, Mayor, that many of the leaders of your community have moved out of town and that you are having trouble finding candidates for appointment to political posts.

"HOW FAR CAN you run," you challenged those of your residents who have chosen to move our here, where the air is pure.

Well, we'd like to answer a few of those statements for you.

First of all, those of us who have moved out here have already proven that we can run at least as far as the Caldecott Tunnel. It has not been necessary for us to prove that we can run any farther, as yet.

Actually, don't you think this

"suburb" business is all in your point of view? We're not provincial. There is a serious movement afoot—it started when your statements came to light—to make Oakland an honorary Suburb of Central Contra Costa County.

**WE FEEL** that since you are "bleeding to death" and have contributed so much of your "blood" to us, that this appointment would be the least we could do.

Now about your statement, Mayor, that your problems are being compounded by the "wealthy" moving out of your city.

Presumably, since those "wealthy" people are now residents here, we are all richer than we believed. We thank you for this compliment. It will go a long ways in helping the decision to appoint you an honorary suburb.

We were sorry to read your remarks that the metropolitan cities including your own, we presume from your words, are being run by "second class citizens, soon to be followed by third class citizens."

**WE ARE GLAD** your first class citizens have joined us, and we think that they will be understanding enough to welcome you as a neighbor, even if you are not quite first-class.

All in all, we think we understand your problems, out here, and we want you to know that we really sympathize with you.

Sincerely,  
RESIDENTS OF CENTRAL  
CONTRA COSTA COUNTY.

## Pleasant Hill Votes on Incorporation Tuesday

Some 8667 voters within the boundaries of a proposed city of Pleasant Hill will be asked to decide that area's future Tuesday at the polls.

The voters will decide whether they want to incorporate as Contra Costa County's 13th city or remain within the framework of the county.

Voters will also be asked to choose five city council candidates at the same time.

There are 29 persons in the running for the five council seats.

A turnout of more than 50 per cent is expected in Tuesday's election.

**THE MAIN** issue in the council race is the squabble between two factions—one called the Home Rule Committee and others who term themselves "independents."

The Home Rule Committee has 18 candidates within its camp. The 18 are aligned by a pledge that calls for the adoption of a charter which will guarantee that a city tax will not be levied.

The other 11 candidates rejected offers to sign the pledge,

saying the councilmen need a free hand to rule over city matters.

Six of the 11 independents were endorsed by a recently formed Citizens League for Good Government in Pleasant Hill, which also favors a general law city over a charter city.

**THE CITY**, if formed, will operate on a limited budget without the aid of city tax.

The city will contract (or buy) needed services from the county.

The county will also provide a police force on a contract basis which is expected to increase service and protection by more than 200 per cent.

The "no-tax" city is based on facts and figures in the Pleasant Hill government study authored by William R. Zion.

The report states that Pleasant Hill can provide the same services that the county now offers without a city tax.

Zion estimates that the city will have more than \$100,000 in surplus each year, as well.

The city would receive its income to pay for needed services from sales tax revenues, gas tax and other state subventions.

## Massive Local Freeway Jobs Okayed by State

Construction of the \$12,900,000 freeway from Walnut Creek to one mile south of Danville may begin next summer and be completed some time in 1964. It will have 6.8 miles and four lanes.

The freeway running 2.9 miles from the Monument area, Pleasant Hill (junction of State Sign Routes 21 and 24) to Solano Way at the north city limits of Concord will cost about \$13,500,000,

and will also begin next summer, with completion perhaps within 18 months.

Work will likely begin at the same time on the 1.5-mile stretch of the Grove-Shafter freeway from west of Warren Freeway to the Caldecott Tunnel, along with an interchange in the Lake Temescal area.

**ESTIMATED** cost is \$2,715,000. Right-of-way purchases will cost about \$5,700,000 for the Grove-Shafter route into Oakland.

These projects were approved along with some \$43 millions for East Bay roads and \$658 million for all highway work in California by the California Highway Commission, last weekend in Santa Monica.

Contra Costa will get \$19,070,000 in state road jobs, and Alameda County will get \$23,603,000.

**THE BIGGEST** single job in the nine-county Bay Area is the freeway from Walnut Creek to one mile south of Danville.

It is an extension of the Walnut Creek Bypass project, which takes traffic from San Francisco and Oakland out of downtown Walnut Creek, en route to Concord and Danville.

The Pleasant Hill-Concord job also extends the bypass work, taking traffic to north Concord.

Later projects are expected to provide freeway passage to the Carquinez Bridge and Sacramento to the north and east, and Dublin and eventually San Jose on the south.

The Grove-Shafter right-of-way purchases will follow the prescribed route, first along the old highway, then along Shafter, then crossing Claremont and Shattuck, then running between Grove and Telegraph, crossing MacArthur Boulevard running west to San Pablo Avenue, then between Brush and Castro west to the East Shore Freeway.

Motorists will be able to turn off at MacArthur Boulevard for San Francisco, and further southwest for Oakland.

## Plastic Pool Floated by The Right Word

Allen Griffith of 2355 San Miguel Drive, Walnut Creek, sold his plastic swimming pool with a want ad in The Sun.

E. J. Leonardo of 123 Scenic Drive, Orinda, sold an 18-foot trailer with a Sun want ad.

Mrs. L. W. Gilman of 956 Hough, Lafayette, sold an automatic washing machine with a Sun want ad.

Mrs. J. B. Hargis of 3921 Juniper Drive, Concord, sold an "old fashioned" bassinet, a dresser and some almonds with a single Sun want ad.

These are typical of the hundreds of "success stories" reported each week by Sun classified customers.

They are due to The Sun "5-in-1" system where each want goes into the Sun Shopping News and into nearly 50,000 central county homes on Wednesday, and into the four subscription newspapers on Friday.

The newspapers are the Walnut Creek Sun, Orinda Sun, Lafayette Sun and Pleasant Hill Sun.

You can get this treatment and similar results by placing a 14-word ad for only \$1.60.

## Temporary Walkways Get Money

Creation of some temporary walkways for school children in various parts of the county will be financed by a \$10,000 appropriation authorized Tuesday by the County Board of Supervisors.

Supervisor Tom Coll, who initiated the proposal, said the money could finance purchase of easements for temporary walkways.

Where the walkways will be located may be decided next Tuesday when recommendations will be made by County Administrator J. P. McBrien and Public Works Director Victor Sauer.

The program will be administered by the County Student Protection Committee. It and another county group, the Walkways Committee, will be merged.

Supervision will also come from P. E. Kilkenny of the maintenance division of the public works department and Crichton Schacht of the county planning department.

Supervisor Mel Nielsen commented that the schools should be assisting this program, since their busses do not pick up children close to grounds.

Coll countered that pupil transportation is not considered the schools' responsibility.

The supervisors' action was speeded by a letter from the Ayers School, Concord, parents, complaining that their walking children are endangered by the cars.

They asked for gravel pathways on one side of Ayers Road, where the children must walk.

## Disaster Office Plans Courses For Survival

Mounting interest in fallout shelters and in plans for survival has prompted the Contra Costa County Disaster Director, Will Perry, Jr., to set up five courses to educate the public, it was learned today.

The survival courses will be free with no advance registration required.

Fair Oaks PTA will sponsor a course beginning Tuesday at 7:30 p.m. at Fair Oaks School, 3400 Lisa Lane, Pleasant Hill.

Instruction will be by the county disaster office staff.

Four "individual and family survival" courses will be offered between 7 and 10 p.m. by the Acalanes adult program and instructed by specially trained teachers in coordination with the county disaster office.

The schedule follows:

Four Monday nights at Las Lomas High School, Walnut Creek, beginning November 6.

Four Tuesday nights at Del Valle High School, Walnut Creek, beginning November 7.

Four Wednesday nights at Miramonte High School, Orinda, beginning November 8.

Four Thursday nights at Acalanes High School, Lafayette, beginning November 9.

## Anonymous Letter Attacks UN

**THE ORINDA FIRE** Department is \$50 wealthier this week as a result of a Sun subscription campaign conducted recently. At the time the campaign was in progress, the Orinda Fire Department announced the need for additional rescue equipment, but that funds were lacking for its purchase. The Sun offered to turn over part of the proceeds from each new subscription for the first aid fund. The check, representing these proceeds was presented October 26 at the Orinda Fire Commissioners meeting by Mrs. Jean Jernigan, news editor of The Orinda Sun. Accepting the check were, C. W. Langridge, right, president, and E. A. Dawson, commissioner.

## Nejedly Says He Will Run for DA Post Again

John A. Nejedly will seek reelection to the office of District Attorney of Contra Costa County in 1962, it was disclosed yesterday.

He was first elected in 1958.

Nejedly said he will base his platform on "an aggressive approach to law enforcement" and that the "real purpose of the district attorney's office is the prevention of criminal activity."

"One of the real problems in the past," he stated, "has been the drunken driver."

**"A POLICY OF STRICT** enforcement," he continued, "has resulted in an increasing awareness of this problem in the minds of members of the community."

He reported a marked decrease in the number of arrests of drinking drivers during his term.

In the city of Richmond, for example, 419 persons were arrested for this offense in 1958. This figure dropped to 269 in 1959 and to 175 in 1960.

There also has been, according to figures released by the district attorney's office, a marked increase in the percentage of convictions for felony.

Among new policies which

## County Appoints Joseph Longacre To Fire Board

Joseph R. Longacre, Jr., of La Fond Drive, this week was appointed to serve as fire commissioner on the Orinda Fire District Board of Commissioners.

The appointment of the Orinda attorney was made by the Contra Costa Board of Supervisors who last week accepted the resignation of E. A. Dawson who has served the district since 1933.

Prior to the formation of the district in 1933, Dawson served with the Orinda Volunteer Fire Department.

C. W. Langridge, chairman of the commission, expressed deep regret on the part of the commission at the resignation of Dawson.

In other business Chief Winsor that application has been made to the county planning commission for rezoning a parcel of land in Tract 2991 for a fire station. The tract encompasses some 300 acres lying north of Sleepy Hollow and adjacent to Happy Valley.

## UNICEF Condemned in Material Sent Residents

By JEAN JERNIGAN

Literature attacking the United Nations and in particular UNICEF was mailed Sunday and Monday to residents throughout Lafayette, Orinda and Walnut Creek. The mailing was timed in an attempt to curb the traditional Halloween night collections for UNICEF.

Hand addressed and stamped, bearing the postmark of Lafayette, the literature so infuriated the majority of people receiving it, that UNICEF collections were better than ever in many areas, according to UNICEF chairmen.

Mailed with the return address, "Citizens Research Committee," P.O. Box 211, Lafayette, the literature in essence is anonymous. Who, or what is behind the Citizens Research Committee remains a mystery.

**ALTHOUGH** the literature terms UNICEF a "political body" and also infers that it is communistic, the manner in which the mailing was timed, its contents and the anonymity of the Citizens Research Committee has led those receiving the literature to wonder at the political nature of the organization.

The Sun contacted District Attorney John Nejedly. Nejedly said that in essence the literature technically boiled down to a "difference in opinion." While in complete sympathy with those angry over receiving the mail, he cannot conduct an investigation without further evidence. The literature is not threatening in the technical sense, nor is it libelous, therefore neither the D.A. nor the post office can step in to investigate, according to Nejedly.

If the Citizens Research Committee is a bona fide organization, why does it seek to hide behind a post office box number? The postmaster cannot legally or ethically reveal who foots the bill for that box.

Informed people know that these accusations are not true. That the mailing sought to confuse, sought to stir up hatred, sought to lead those who believe everything they read without seeking the facts is obvious.

Careful checking of names of the many who called or came to The Sun after receiving the literature, revealed that many of the names were plucked from the mailing lists of two local churches.

**HOWEVER**, some who received the literature did not have an affiliation with any church. One Orinda resident was particularly concerned because the letter was addressed to her using a nickname known only to her personal friends. "I hate to think someone I know would be in-

involved in anything like this," she commented.

With the assistance of J. R. T. Montin, president, United Nations Council and information supplied by the county UNICEF chairman, The Sun was able to discover that one of the articles appearing in the literature was also sent to a Stockton newspaper by a Walnut Creek resident.

A. James McAdams, M.D., wrote to The Sun . . . "There is talk of a new anonymous letter with an anonymous post office box in Lafayette by a dissident element of our society who apparently finds nothing of value in our culture or its leaders.

"While they do not identify themselves, the tone of what they say and the methods employed are the same as those used by the current self-appointed protectors of democracy.

"It is quite apparent that they are for no other viewpoint than their own. They seem to be neither Republican nor Democrat inasmuch as all recent American leaders have been little short of traitorous."

One of the more annoying facets of the literature mailed was a small yellow slip which homeowners were asked to give to children ringing their bells for UNICEF.

The slip reads, "We do not give to UNICEF because it is a political charity using United States citizens to advance its bureaucracy. It is not people-to-people charity. UNICEF does not distinguish between communist and non-communist governments. We prefer to help our own needy."

Reverend Ben Mack of the Lafayette-Orinda Presbyterian Church prepared a reply to this printed lie regarding UNICEF. He directed his reply particularly to young people because, basically, they are the most involved.

Reverend Mack said, "As Christian young people we recognize that the United Nations is not an agent or representative of the church. However, it is our conviction that the United Nations work that is being done by the children's emergency fund has been demonstrated to be the kind of mystery which we can heartily support as Christians.

## Introducing Harold Witt, Noted Local Writer, Poet

By JEAN JERNIGAN

"Beasts in Clothes" a selection of poems, is the latest book written by Harold Witt of 39 Claremont Avenue, Orinda. Published by the Macmillan Company, the book made its debut in book stores across the nation Monday.

The author, who received the Hopwood Award for Poetry in 1947, has lived in Orinda for the past two years. His other published works include "Family in the Forest," and "Superman Unbound," both appearing in 1956 and "The Death of Venus," a 1958 selection of the Book Club of Poetry.

He has also had short stories, articles and poems published in Accent, Decade, Prairie Schooner, Arizona Quarterly, Quarto and Whetstone.

**NOW LIVING** quietly in Orinda with his wife Beth and their two children, Witt was born in Santa Ana. He attended Santa Ana schools and Santa Ana College, transferring to the University of California at Berkeley as a junior.

He earned his B.A. degree here, his M.A. at the University of Michigan and returned to California where he earned his Bachelor of Library Science at U.C.

His occupation is now listed solely as "writer," a tribute to the success of this young man who has been writing creatively

ever since he learned the mechanics of forming letters and holding a pencil.

Prior to devoting time to writing, Witt served as reference librarian at Washoe County Library, Reno, Nevada, from 1953 to 1955 and as documents and reference librarian, San Jose State College, San Jose from 1956 to 1959.

**WARM**, friendly, with a sense of humor that showed despite his reticence to talk about himself, Witt works at home writing everyday in the morning and early afternoon hours.

His daughter Emily, 12, is a student at Pine Grove and his son Eric, 7, attends Orinda School. Together, according to Witt, the family enjoys camping, mostly in the Sierra.

As for his hobbies, "I do a little gardening around the house," was his reply to the question. Pressed further, Witt continued, "I do make movies. They are mostly experimental, just for our own amusement involving the family."

Asked if he had any pets, Witt replied, "Yes we have a Lhasa apso," then chuckled. This reply left the interviewer in ignorant silence, until finally the question, "What is Lhasa apso?"

could be blurted forth.

**A LHASA APSO**, it appears, is a small sheep dog, a furry Tibetan breed. "We bought him

**HAROLD WITT**, noted writer, is pictured here in his Orinda home with his wife Beth and their children Emily and Eric. The dog, Leo, in Emily's arms, is Lhasa apso. in San Jose," Witt explained. "The breed is raised there and in Carmel and Palo Alto," he continued.

"Known as the Lion Dog of Tibet, the dog is honey colored and with a most un-lion-like personality. He has sort of a mane, but the resemblance to a lion begins and ends with his color and mane," Witt explained.

Appropriately named Leo, the dog shares the Witt home with parakeets and a cat.

It had best be added, hastily, that the animals at the Witt residence are not the source of "Beasts in Clothes," a serious collection of poems reflecting the contemplations of a mature mind.

A FLAG-O-RAMA is currently being conducted by members of Boy Scout Troop 249 of the Lafayette-Orinda Ward of the Mormon Church. The scouts hope to place a flag in every home throughout the area prior to Veteran's Day. Shown, from left, are Jeff Holmes, Mark B. Garff, welfare director, L.D.S. Church; Ezra T. Benson and Jim Holmes.

## Group Seeks Subdivision Hearing Postponement

Hearing on the application of Bryan and Murphy for a proposed subdivision on 185 acres of what is commonly known as Altairinda property is scheduled before the Contra Costa County Planning Commission Tuesday at 8 p.m. in the Hall of Records Building, Martinez.

Dick Bartle, chairman of the planning committee of the Orinda Association, acting for the committee, has requested by letter that the hearing be postponed in order that the community may have time to study the situation.

"HOW THIS property is developed is very important to Orinda," Bartle said. "If the hearing goes ahead as scheduled, then there should be some expression of community concern regarding the property at the time of the hearing," he added.

Technically, the property involved in proposed subdivision, Tract 2893 is described as follows: Orinda North consisting of 200 lots on 185 acres in a Transition Residential Agricultural District. Exception request: 67 lots less than one half acre—31 lots less than 100 feet in average width by formula (b) and 10 feet and 10 feet side yards, 40 feet right of way for La Cuesta Court, as provided under the Zoning Ordinance of the County of Contra Costa as amended.

The property is south of Haciendas Del Orinda Units one and two, West of Altairinda, North of Mt. Diablo Boulevard.

Aside from the obvious fact that Orinda residents would like to enjoy a status quo, to maintain open land, some of the objections include the following facts.

ORINDA residents have consistently been opposed to any zoning that permits lots of less than one half acre. However, the developers (Muth) in preliminary plans for the tract have allowed for 30 acres along the freeway to remain scenic and untouched. Therefore, they feel justified in requesting that slightly more than 30 percent of the total lots be less than one half acre.

According to the Contra Costa County Planning Department, considerable grading must be done in order to provide suitable

## Rotary Will Get New Members Wed.

Three new members will be introduced at Wednesday's meeting of the Orinda Rotary Club to be held at noon at Mike Lynn's.

Each member will give a brief personal biography and describe his business or profession. Those who will become members of Rotary are Al Rawson, Gino Crossetti and Richard Homrighouse, M.D.

This week the Rotary Club heard a report on the Rotary International convention held in Japan earlier this year. Buck Mauzy, a member of Walnut Creek Rotary, gave the report, illustrated with colored slides.

## Theater Arts Group Plans Field Trip

Through special arrangements with San Francisco College, Miramonte Theater Arts Club members will be able to attend dress rehearsals of five plays to be presented at the college during the year.

All field trips are scheduled for Thursday evenings at no charge, and with transportation to and from the city furnished by Miramonte.

Student members recently sat in on a rehearsal of Patrick Dennis' "Auntie Mame."

Other trips scheduled for the year are "The Boys from Syracuse" by Rogers and Hart, "The Cherry Orchard" by Anton Chekhov, "Orpheus in the Underworld" by Jacques Offenbach and "Electra" by Sophocles.

About 80 students have signed up for membership in M.T.A.C. this year. This group will organize into weekly workshop groups to read and discuss plays.

Senior students will have their own division of the club, known as Senior Theater Arts Club, primarily for the purpose of producing the senior play.

Newly elected club officers are: President, Linda Beretta; vice president, Harry Nychandros; secretary, Kathy Cortese; treasurer, Donna Stahle, and historian, Claudia Craig.

## Suburbia Scribblings

By MARIE MONAHAN

### Back at the Old Haunts . . .

THE ONE GOOD thing about Hallowe'en is that it prepares us for the tempo of the approaching holiday season. Or is that good? The whole household, for weeks ahead, is swept up in the problem of what the kiddies will costume themselves in, what treats will be waiting & what tricks can the kids get away with & that's only the beginning . . .

SLEEPY HOLLOW Parents gave their all for the well-timed annual Carnival . . . The candies & other treats were shopped for & stored in the cupboards at home . . . The cookies were baked & almost all eaten beforehand.

The dime store did its duty providing racks of costumes, rubber masks, chocolate cigars, penny balloons for water bombs, wax lips & candy by the countersful . . . Industrious Mamas whipped up angelic costumes w/gossamer wings & a few fathers put in time converting cardboard boxes into IBM robots, TV sets & rocket ships.

W/barely time to make the beds & dry the breakfast dishes, Mama was off to see the School Parades, most of them held during the mid-morning hour of ten . . . & this year there was more variety, although less ingenuity, in the costumed kids parading the playground's perimeter w/self-conscious pride.

Eeeeeeeek, but wasn't that David Usering as Dracula? . . . & look at that one w/a Charlie Weaver mask! Fetching little flappers flaunting cigarette holders? My word! & the fairy queens, the little Dutch Girl, the ballerinas, the gypsy girls & a very realistic Nefertite in her Egyptian garb & svelte black wig.

NEVER SAW A MORE pretty pleasant witch than Orinda School's Mrs. McNeill who wore her long blonde hair hanging down her back & crowned her head w/a towering pointed hat.

A GENUINE BROKEN leg in a cast was the perfect foil for a young football player's costume complete w/crutches & a few well-placed facial bandaids . . . There was Ol' Pumpkin Head, a huge paper headpiece, a white-uniformed medic, a veiled bride, a nurse or two & a dashing matador in a spangly gold bolero & black headpiece, tight pants & tasseled shoes . . . A veritable army of tramps & hoboes!

FRAN NEWMAN clicking the camera on some of the neighborhood crowd . . . Madeline Benjamin & Mary Porter together . . . Ruth Mott & Fran Smith . . . Laurie Kersten having a "busman's holiday" holding Carlyn Wehle's baby . . .

Marge Rieger, w/young Mike "spooked" in a white sheet, carrying her new baby Barbara in her arms, the 5-mos. old lass wearing a gay paper party hat . . . Phyllis McAdams pushing her new son in his shiny new stroller.

BETWITCHED, Bothered & Be With It! Elaine Pardini w/her leotarded little girl in tow from an early ballet lesson . . . Lois Pixley's 7-mos. Shawna in yellow to match the morning sunshine . . . Ruth Jacobus searching out her favorite sprouts!

Then the kiddies back to class, soon lunch & party fare . . . Nancy Evans, vice-pres. of Glorietta, among the mothers on the hunt mid-week for classroom party items . . . June Watkins making the big decision on bagged candy bars . . .

### Bewitched and Bothered . . .

IN THE BAKERY, Sev Schnugg storing up supplies for one of her children's Hallowe'en Happy B'day party . . . Hope Davenport w/her Beth & bringing up the rear, little Jill in a floppy-eared cottontail bunny costume.

DEE Seifert picking out the biggest pumpkin available . . . & there weren't too many good-sized ones this year, were there? Dee & Bill, by the way are featured in a SUNSET ad in mag, Nov. issue, w/Elsye & Kerry Kersey in the new home of the John Ratcliffs . . . Kay Ratcliff being the sister of Phil Joy, Ad man, who arranged for the modeling shot.

If you didn't get one soaped window, you're lucky . . . Water bombs flew in all directions in most neighborhoods & for some were more fun than the Trick & Treat bit . . . but the pranksters that deserve to be gobbled up by the goblins are the ones who parlayed fresh produce & poultry's finest product, the egg, into a wasteful mess.

Some pathways & cars were disgracefully garbaged w/tomatoes, eggs, lettuce & onions . . . The first great excitement of the evening coming to an early letdown when kiddies, counting their haul & hiding the loot under their beds, were finally banished to beddy-bye . . . & oh, the thanks for this brief respite after a hectic evening of doorbell ringing, telephone ringing, trying to stroke the sprouts, feed father, juggle the baby, tie up the upset dog, feed the cringing cats, keep the smelly Jack O'Lantern burning in the window & the trick & treat tray full.

THE FINEST reward of the evening, the very little folk who without a brown paper bag in hand, but a UNICEF carton, collected for their counterparts in other countries. It's wonderful when the Teenagers (who are ALWAYS hungry!) collect UNICEF, but when a little guy comes around preferring pennies to candy, then it's even more so!

AS JEAN Milligan summed up her children's collecting for UNICEF: "It helps my children to think of others . . ." Sleepy Hollow's 7-yr. old Barbara Campbell gifted every penny of her savings to the United Nations Children's Fund . . . Foremost Dairies donated the milk cartons used in the area. A reminder to return your cartons to Mary Grah—or to any of the Firehouses.

THE WICKED OLD WITCH Patty Connolly was far from dead at the SH Carnival last Sat. . . the joint was jumping w/jeune fry! Jerry Breuners' red fire engine was loaded down w/little people & the booths were festive w/colored streamers & signs.

OUT-of-season Little Leaguers lined up at Barbara Hammond's Baseball Throw . . . Shirley Goodall, chrnm. of the Seal-Ball . . . Artistic Irene Wilkinson transforming the tots w/greasepaint in her Make-Up booth.

THE SPORTING SPIRIT is even more contagious when a crowd congregates together to spectate a favorite sport & so it was last Sunday at the Children's Hospital benefit BRUNCH given by Orinda Branch members at Mike Lynn's restaurant where over a hundred guests gathered for a TV-viewing of the 49-ers game.

The anticipated bridge game was banished in favor of the football game & an informal modeling of holiday clothes from Charlene's & ski clothes courtesy The SportsHaus.

The BRILLIANT colors & the slick fit of snow attire scored

a touchdown w/the Sunday audience, many whom are devotees of the slippery slopes.

KATHY BERARD & Jack Sexon a duo in stretch pants & imported sweaters in the subtle beige tones . . . Jackie Redmond in & out the tables in a handsome plum-colored ski outfit . . . Members' husbands Bill Robinson & Ralph Hill (he did extemporaneous MC duties) schussing between the bar stools in handsome ski garb.

GOAL POST cheers greeted the glamorous gala-occasion fashions from Charlene's . . . Cynthia Stampley, who arrived just in time to don her modeling duds, swirling around the floor in heavenly blue chiffon . . .

Cynthia's mother, Mrs. Courtland Knight has just departed for home in Carlsbad, New Mexico after a two-wk. stay w/the Stampley's & the auspicious occasion of the Stampley's twin girls, Allison & Sheridan, celebrating their Sweet Sixteenth.

What's more, Grandma took them to Trader Vic's in SF for lunch, just about the Most at any age!

HOLIDAY GLAMOUR in the white chiffon gown w/floating back panels modeled by Jackie Robinson . . . Ed & Sue Dougery, the Bill Allens, the Robert Hildreths registering approval of the gold brocade number on Patsy Ruth French & the 49-ers game was completely forgotten when Jane Schindler made her appearance in a gold lame stretch "jump suit" fitted to a T-formation.

# Rare Book Exhibited At Library

A copy of a first edition of Samuel Johnson's "Dictionary of the English Language" will be on display at the Orinda Library through the month of November in an exhibit under the direction of the Friends of the Orinda Library.

The choice and rare book, published in London in April, 1755, and written and composed by Samuel Johnson, was presented to the library as a gift from Perc Brown, collector of rare books and papers. The gift to start a rare book collection at the Orinda Library, was formally presented to William M. Fleeger, president, at the October meeting of the board of the Orinda Library.

Although not the first dictionary printed, Dr. Johnson's was the most thorough and remains one of the monuments of English scholarship despite its faults of weak etymology and personally prejudiced definitions.

The dictionary, in two volumes, A to K inclusive and L to Z, originally sold of 90 shillings and proved so popular it was necessary to publish another volume the same year. The gift book is a copy of the first edition which, of course, adds both to its interest and value.

A DISTINGUISHED addition to the Orinda Library, the book will become the first edition in the newly-planned rare book cabinet. Mrs. Frederick Anderson, exhibit chairman of the Friends of the Orinda Library, is making arrangements for the exhibit and is being assisted by Mrs. William Cook who is enlarging some of the word definitions on cards to accompany the dictionary. Mrs. Cook is also copying the old English script in enlarged form.

A DEVOTED bibliophile who delighted a Friends of Orinda Library audience with humorous tales of tracking down some of his rare editions, Brown served as chairman of the fund-raising campaign to build the community and was the first president of the library board. The generous gift from his own personal collection is indicative of his great and continuing interest in the Orinda Library, a source of much pleasure to all in the community.

## Hate Off To...

### Betty Lindsay President, Of Miramonte AFS

Present tiny flags of all nations, please, to Betty Lindsay, president of the Miramonte Chapter of the American Field Service who, in her love of this people-to-people project of promoting a "key to world understanding," has derived great pleasure from her affiliation with the group for the past four years.

In 1958, Betty, together with her husband Jim and daughters Sue and Linda, was the "American family" to Brigitt Hageli, a foreign exchange student from Basel, Switzerland. When the Lindsays toured Europe in 1960, it was partly to see Brigitt again and stay with her parents at their Swiss home for three weeks.

The AFS president's past activities included the Orinda Art Center and the Tanagers unit of the Mt. Diablo Therapy Center; now involve active participation in the Alpha Chi Omega Mothers' Club since Sue, a US soph, is a sorority member. Daughter Linda, a Miramonte senior, is the high school AFS club's publicity chairman and headed the fund drive last weekend to collect monies to further the program.

### Republican Women Will View Film

The Orinda Republican Women's Club will hold their next meeting Wednesday at 10 a.m. in the new Masonic Building on Altarinda Drive.

A film, "Red China—Outlaw," narrated by Lowell Thomas, will be shown.

The installation of officers for the coming year will follow and there will be a drawing for a ticket to the \$100 a plate dinner to be held at the Cow Palace in San Francisco.

Both Betty and husband Jim, who's a petroleum engineer for Standard Oil, are bay area natives and graduated from the UC campus in 1939. The family make their home on Oak Drive where they've lived for the past 14 years.

## Unify Says Ellis

"It is my personal feeling that unification of the schools is a good thing," William Ellis, superintendent of the Lafayette School District, told The Sun Wednesday.

Continuing, he said, "I am not, of course, speaking for the school board, but I feel that unification would be good because it would insure more consistency in administering the school program."

"However," he qualified, "the one disadvantage of total unification is the size of the district as contemplated in the Odell report."

"Through a process of evaluation," he said, "we may find that two or more smaller unified districts may be more effective than one large one."

Local school districts now involved in the consideration of unification are Orinda, Moraga, Lafayette, Walnut Creek, Canyon and Alacanes Union High School.

## Dog Patch Characters Have After Game Ball!

By ANN LINCOLN AND KITTY MIKA

Miramonte was inhabited last Friday by a mass of very wet, cold, and muddy Dog Patch characters. This year's Sadie Hawkins' Day is one the junior girls will never forget . . . with all their scraped knees and black-and-blue marks received when their roller skates came out from under them.

Roxie Smith attracted quite a crowd when she lost her balance in the middle of Memorial Circle. A few of our blond boys were unrecognizable due to little cans of black hair spray. John Reilly, Cory and Tim Loutter, and Scott Huntley were the most striking. A little more brave, Ralph Eriberri used bright pink spray. Chris Campbell and Jean Gleason were also seen with pink locks. That crazy Linda Hotchkiss had pretty numb toes, running around all day without shoes.

**KANGAROO COURT** was held Friday noon at which students, wearing either purple or plaid, were punished. Nancy Snover had to ride her pogo stick up and down across the gym floor and Jackie Edenhorn and Cindy Gravelle pretended they were wheelbarrows. The court's jury did a beautiful make-up job on Paul Barrett and Ron Jouthas, Mike McGuire, and Paul McChesney gave an imitation of a pom pom routine.

The great excitement of the day was the muddy, but wonderful, slaughter of the Piedmont Scots. Tom Gaffaney's two-yard slide racked up the first six points and Dean Hilger made the second touchdown, leaving a score of 13 to nothing. Our pom pom girls made a great showing in their potato sacks and cut-off jeans. Even though buckets of rain drenched the spectators, the spirit was overwhelming. It was a happy day for Miramonte.

Matador girls dragged boys to the Sadie Hawkins' dance that night. Some of the couples enjoying themselves there were Joanne Boysen and Doug Dermit, Chris Campbell and Don Franklin, Betsy Blossom and Mike Smyth, Ann White and Bob Miller, Ann Cunningham and Barry Catterton, Karen Nattress and Ken Kerseh. Trish Bascom, John Goggins, Elizabeth "Red" Davidson, Randy Thaman, Mark Rasmussen, and Becky Horne were to the dance and enjoyed pizza at Freddie's as well.

**SENIOR BOYS** entertained themselves throwing eggs, pumpkins and squash at cars and senior girls.

"Breakfast at Tiffany's" is the movie to see. Last weekend it amused Nancy Englehard, Bruce Hancock, Bonnie Kent, Gordon Hightower, Kathy Beconcini, and Bob Pothier. Oh, happy birthday, Bob!

Friday night a ghoulish Sharon Nielson, Pat Kelly and Linda Sears through the Haunted House in Piedmont. Other Miramonteans scared to death by this nightmarish place were Gary McCosker, Chris Connors, Hap Parks, Linda Tiefert, Bob Lyman, Sue Rowe, Tara Doty, Chris Combs, Sue Hancock and Rich Adaire. All agreed that lady in the first room was the most horrifying, except maybe for the boy on the spit.

The La Val's dance for Orinda girls clubs turned out to be quite a success in spite of a freezing North Wind. The music was provided by Vince Campenilli's band who looked very collegiate in their crew cuts and cut-off gold sweatshirts. Songs especially enjoyed were "What'd I Say" and "Georgia." Norm Wool, last year's idol, was on drums.

Mixed in with the many couples was the entire Gilmore clan . . . brothers, sisters, cousins, and even cousin's friends. Others included Jo-an Warner and Ron Kay, Mike Rolley and Judy Hopkins, Roger McCosker and Cheri Romer, Doug Hamilton and Allison Stampley, Jane White and Dave Parrish, Linnet Trefts and Steve Miller, Kitty Mika and Grigg DeWitt, Roxie Smith and Bobbie Williams, Jackie Villata and Brad Peter.

**BERKELEY** girls are beginning to steal our Miramonte boys. Some of our boys seen at the Anna Head Fair were Bill Cooper, Steve Brush, Jim Rose and Dick Blair. By the way, Melinda Love, who was voted Miramonte's social secretary, is

The following sectional chairmen have been named for the various club activities: the Mes-

dames Robert Malin, book review; Morris Leahy, bowling; William Doyle, bridge; Al Ludlow, canasta; W. L. Colwell, Jr., garden; Richard Westernelt, golf, and Harold Heaton, gourmet.

Mrs. Jack Jacoby, activities chairman, has proposed a new section, art and music.

**SHOP AT HOME AND SAVE!** now a cheerleader at Anna Head.

Senior assembly tryouts were held Wednesday and there seemed to be a lot of terrific acts! So watch out for the best class assembly yet on November 22.

Tara Doty, Hester Harris and other senior girls visited a Sunday afternoon jam session at Black Hawk, which they thoroughly enjoyed.

Because this article hit the press before Halloween, we really don't know what happened, but it was last heard that Chrissy Voll and Carol Meyer were going to see who could get the most trick 'n' treats. Dwight Thompson had his pumpkin costume all ready and Larry Lahman still couldn't find any carrots to complete his Bugs Bunny outfit.

**Hello Gourmets:**

Let's try **VEAL CUTLETS FOYOT** tonight. Named after a famous French restaurant which specialized in this delightful meal, it is a superb preparation you may do easily at home.

2 lbs. loin of veal, cut into 4 equal slices, 1/2 tspn. salt, 1/4 tspn. freshly ground pepper, 1 tbsn. butter, 1/4 cup finely chopped onions, 1/4 cup fresh bread crumbs, 1/4 cup grated Swiss cheese, 1/2 cup dry wine (white), 2 tbsns. melted butter, 1/4 cup consommé.

Salt and pepper cutlets. Heat butter in small, heavy skillet. Add onions and cook until golden. In a bowl, combine bread crumbs and Swiss cheese.

Spread 1 tbsn. cooked onions on one side of each cutlet. Cover with crumb-and-cheese mixture. Press cutlets with flat edge of knife to make mixture stick.

Sprinkle remaining onions in an ovenproof dish. Place cutlets in dish side by side. Add wine and cover cutlets with melted butter. Bake uncovered for two hours, basting occasionally with liquid from pan. When liquid has evaporated, continue basting with consommé. Serve hot in baking dish. Serves four.

Serve a light red wine with this meal, to bring out the best taste of everything. I suggest a Red Bordeaux; Beaujolais, or domestic claret. If you prefer a white wine, then be sure it's chilled.

Happy Taste Buds, see you next week?

## You Provide the Baby, This Shop Has the Rest!

By JEAN JERNIGAN

A wonderland chock full of everything imaginable to meet the needs and desires of little folk from cradle to age six opened its doors today in Lafayette at 3387 Mt. Diablo Boulevard.

The only store of its kind in central Contra Costa County, Johansons Baby News Store is completely different from its decor to its fine services and merchandise.

**THE STORE** is so unusual that even people who don't know any babies will delight in browsing through the unique surroundings.

A family enterprise, Johansons Baby News Store is owned by Ralph Johanson of 1051 Upper Happy Valley Road, a pioneer resident who has called Lafayette home for the past 27 years. Assisting Johanson with the business is his wife Barbara. A skilled interior decorator, Mrs. Johanson is responsible for the unusual and delightful decor of the store. Brad Johanson, their son, general manager, buyer, trained in fitting baby shoes as well as the many other facets of infant to age six merchandising, will have the assistance of two more Johansons.

His wife, Christa, will help out at the store, and his daughter, Noreen, age 4, serves as a built-in tester of products sold at the store!

**BRAD'S SISTER**, Bonnie, will also be a part of the business. Bonnie will take care of the shower registration service, present lists of ideas for prospective shower hostesses and keep records of shower gifts in order that mothers-to-be will not be swamped with duplication.

Even Buzz, the senior Johanson's younger son, is in on the act. A senior at Acalanes High School, Buzz mans the delivery truck after school and on week-

ends. The delivery truck is a suburban mother's prayer answered. Orders phoned in the morning or received in the morning mail will be delivered that afternoon, according to Johanson.

**THE DELIVERY** service will cover an area from Orinda south to San Ramon and Brentwood, north to Martinez, with all the territory in between. New mothers will receive a catalogue from Johanson's which will help them shop by phone or mail.

What can one buy for little folk at Johanson's? Everything except food. The store is well stocked with all the better lines of merchandise... infant needs, clothing, furniture, toys, shoes, nursery accessories... and even a parts department to repair anything from a toddy seat to stroller wheel, or porringer.

**FOR MOTHERS** who wish to shop without small hands tugging at them, or the merchandise, the Johansons have provided an attractive Kiddie Corral. Small paper plates in pastel colors, inverted, form the shingles for the "roof" of the simulated play house decorating one wall of the corral.

Those seeking parts replacement or repair, will wander to the Kiddie Garage at the back of the store. Dads, particularly will like this department, guaranteed to keep them interested while Mom shops. If it's shoes the shopper seeks, they'll be found in a special room interestingly decorated as an early American kitchen.

There are gay red and white checked curtains at the "window," an old fashioned pot-bellied stove dressed up in pretty color, even "copper" frying pans on the walls.

**STROLLING** to the back of the store, one finds "The Roost," where piping hot fresh coffee

## Or-La-Mo Officials Meet

The Or-La-Mo District of Mt. Diablo Boy Scouts met October 18 at the office of the Home Builders Association, 3462 Mt. Diablo Boulevard.

Plans and programs for the current scouting year were discussed. Those attending the meeting included: W. F. Funk, finance chairman; Don Anderson, advancement chairman; Jack Steller, leadership training chairman; Don Blackwood, finance committee member; Igor Blackie and David Bullem, institutional representatives of Troop 223; Harold Young, institutional representative of Troop 57; Ralings Simon, council advancement chairman; James R. Moor, district committee chairman, and Bud Lee, scout executive.

is served. Then for those who find lollipops or bubble gum smeared on little faces, there are two attractive rest rooms. "Snips 'n' Snails" or "Sugar 'n' Spice" painted on the door will indicate to Mother which room her small son or daughter should use. There are bunnies, squirrels, trees and flowers painted on the walls of the rest rooms, guaranteed to keep junior's mind unaware that Mom is scrubbing him within an inch of his life!

Frocks for little girls, gay pajamas, or caps for the young master, they are all there, waiting to tempt the shopper. Today and tomorrow Johanson's is having a grand opening sale where many bargains await the shopper. The store will be open from 9 a.m. to 9 p.m. . . it's worth a visit, just to see the unusual features!

Flag was in Costa Rica during this month and ministered in song and spoken word in connection with the missionary agency. At the 11 a.m. service he will share some of his experiences with the church family and friends.

At 10 a.m. graded Bible classes are provided for all ages and at 11 a.m. the primary church and the junior church will meet. Also at the 11 a.m. hour Flags will sing.

**BAPTIST** "Delivered From Doubt" is the subject for the meditation to precede the ordinance of the Lord's Supper at the First Baptist Church of Orinda-Lafayette. The pastor, Rev. Lawrence C. Guido, will continue a study of "The Men at the Table," at 11 a.m.

At 7 p.m. the pastor will speak of "Saints or Servants—Which?" There will be premiere showing of the film, "Communist Encirclement" November 12 at the church located at 4300 El Nido Ranch Road. Nursery facilities are available at all services.

**EPISCOPAL** "Citizens of Heaven" will be the sermon topic of the Rev. Stanley Smith at all services of St. Anselm's Episcopal Church, Sunday.

## Officer Links Improper Home To Delinquency

Lieutenant N. F. Wilson of the Juvenile Bureau of Contra Costa County sheriff's office was the guest speaker at the October 25 business meeting of the Orinda Junior Chamber of Commerce.

Wilson separated delinquency into several categories as run-aways, truants, gangs, malicious mischief, drinking parties, sex and car thefts.

He indicated that delinquency was on the increase and that the age of the delinquent has been decreasing over the past two decades. Lieutenant Wilson stated that delinquency begins in improper home environments and that this is the place to control it. He also lauded the efforts of both schools and churches to reduce the problem.

## Women Ask Action For Peace

Women marched for Peace in Orinda Wednesday.

Women approached Assemblyman Waldie in Antioch Wednesday to ask support for peace proposals.

A week ago today women from Contra Costa County asked Congressman Baldwin in Richmond to convey their concern for peace to President Kennedy and other officials.

At least 80 Contra Costa women took part in these demonstrations that had their counterpart in communities all over the nation.

In their concern over the possibility of world destruction by the continuance of the nuclear arms race, these women say they are asking for support of President Kennedy's disarmament proposals, as stated in his September 25 address to the United Nations.

## Storm Gathers Over Proposed Service Station

News that Richfield Oil Corporation allegedly plans to build a huge service station on Orinda Way to the corner of Camino Sobrante brought dismayed comments from several Orinda residents this week.

"Why spoil the village with another service station?" "It's a shame to remove the shops that are already there." "To whom can we protest, I'm going to start a petition . . ." were among the many remarks made to The Sun after the story broke last week.

Details of the sale are still unavailable, but it is known that the funds are in escrow at the Moraga Road offices of California and Pacific Title Company. A. J. McKosker or his company are reportedly the sellers.

The actual purchaser of the property has not been disclosed. Last week Richfield denied signing any contract for the property involved; however, as one Orinda businessman pointed out, the property could be purchased by an individual and then in turn leased to Richfield.

## Knight Urges 'Attend Moraga Board Meeting'

"Come to the Moraga School Board meeting on unification, Wednesday night at 7:30 p.m. in Camino Pablo School."

This was the urgent invitation extended to the public today by William Knight, superintendent of Moraga schools, and by members of the school board.

An open forum on unification will be conducted.

From this forum, according to Knight, it is hoped that the members of the governing board may learn the wishes of the people. They then will be enabled to represent them more fairly at the coming meeting November 30.

At that time members of the six districts considering unification will meet with the County Committee on School District Reorganization for a final decision on the problem.

## 5 Escape Death In Accident

In a freakish accident on Highway 24, five young people narrowly escaped death near Orinda Wednesday when their auto swerved off the roadway and plunged down a 60-foot gully.

The car finally came to a stop after turning over several times.

Three of the passengers were thrown out as the driver of the car, Douglas M. Carroll, 19, and his girl friend, Sandra Lee Wilson, 18, of Vallejo clung to a seat in the car until the rolling and buffeting plunge ended. Carroll, a sailor stationed at Mare Island, said he had given the steering wheel of the car a twist to avoid a rear-end collision with the car ahead.

The two girls in the car were taken to County Hospital at Martinez and held for observation of head injuries. The men were taken to Oakland Naval Hospital for treatment of minor injuries.

# A Scratchy Record? It Needs Playing!

This may sound like a scratchy record, because it has been played so often, but the problem is still here, so perhaps we should give it one more airing.

That problem is dances for our high school youngsters after games.

If the schools say they cannot sponsor dances after the games, because the Foothill Athletic League has voted not to do so, then the parents clubs will have to carry the ball.

This was done last year by the Acalanes Parents Club, and as far as we can determine, was very successful.

So far, we have not heard of any similar move this year on the part of parents clubs, but that does not mean that the need for dances after games has diminished.

FURTHERMORE, this need not only goes on, but increases from year to year.

There are practically no recreational facilities for our high school youngsters in the area. They have proven, in the past, that they will welcome after-game dances, and that they can behave themselves.

This need does not only exist during football season, but during basketball season too, and that will continue through the winter months.

We feel that this action is still the primary responsibility of the community, and that the school district officials can lead the way.

CERTAINLY THE parents, working with the school district authorities, could serve as chaperones, and arrange for refreshments, music and any clean-up work that would be necessary.

We'll bet that the kids would be only too glad to pitch in and do their share if they were only asked . . . or more to the point, if the opportunity were made available to them.

It would still seem apparent, however, that the school district itself is the most feasible organization to handle the matter.

It would also appear that it is too late this year for the school district to do anything about it.

But it is not too late for the parents organizations to get to work. They could certainly step in and fill an obvious need.

If you are a parent of a high school youngster—or a youngster who will be in high school one of these years, stop and think about the problem.

A high school football game is usually over by 9:30 or 10 p.m. This is too late to make a "big" evening out of it, for most high school youngsters, and too early to go home.

What are they going to do? They can have a Coke and a pizza—or what is worse, go driving—and that is about it.

And where would you rather have your youngsters after a game—at a chaperoned dance, or driving around?

# Pleasant Hill Plaudits!

There are big doings going on in Pleasant Hill these days, in case you hadn't noticed.

Tuesday some 3667 voters will have the opportunity to go to the polls and decide whether Pleasant Hill should become a city, or remain under county jurisdiction in its present unincorporated state.

MANY, MANY people have worked long and hard to see that this measure gets to the people for decision. They are to be congratulated because they are taking an active part in attempting to shape the lines of their community toward growth and service to the approximately 25,000 residents of the area.

As in all matters of this importance, the people will decide at the polls. But thanks are still due to the many men and women who have made this a

matter of community interest rather than community apathy.

Consider the fact that there are 29 candidates for the five-man city council, if the city is formed. This in itself is phenomenal.

And, although there has been some disagreement among various candidates, it is truly amazing to see that they all think pretty much alike on the basic issues . . . that Pleasant Hill would be much better off as a city.

AND, AMONGST intelligent, aware people, difference of opinion is not only to be expected, but to be welcomed as a healthy way toward the solution of community problems.

It will be interesting to see what the future of Pleasant Hill holds.

But whatever it is, the people who have worked so hard for their community deserve a vote of thanks.

# The Staff Corner Don't Just Stand There

DO SOMETHING! Something more constructive, we mean, than tearing your hair and moaning in anguish over that tax bill you just received, or will receive within a very few days.

For some, the tax bills are the highest ever, due in part to the recently completed reassessment program. When the reassessment program was completed in Orinda and Lafayette last Spring, the higher increased valuations caused a furor.

The furor, however, had its good points. Concerned residents began to wake up and realize that they could do something about controlling ever increasing tax rates.

The awakening was too late, and too little to do much about the current bill. It is not too late to do something about next year's bill.

FIRST, one must realize that the County Board of Supervisors controls only 27 per cent of the total tax bill. The rest is determined by the multitude of special districts rampant throughout our unincorporated areas, some within city limits, too, the school tax and city tax for those living within incorporated areas.

The Orinda Association and the Lafayette Improvement Association last Spring appointed a committee of tax watch dogs. These representatives sit in on meetings of all special districts within the area of the two communities. They are appointed, primarily, however, to sit in on budget meetings.

These communities have learned the time to protest, to exert citizen control, is before a budget is established and approved for a fiscal year. We suggest that improvement clubs, homeowner associations, perhaps even service and women's clubs throughout the area appoint similar representatives to watch special district budgets.

ANY RESIDENT may attend these meetings, any resident will be given the opportunity to voice his opinion in matters of budget. Usually special service district boards meet once or twice a month, usually at night.

Budget deliberations usually begin in late winter, reach a high peak for preliminary presentation in the Spring, and are set prior to July 1. One can find out the time, date and place of such meetings by calling the office of the district concerned.

For example, call the Fire Station (business number only) to find out when your Fire Commissioners meet; call the School District office to determine when the school board of trustees meet, call the Central Sanitary District office to find out when their board meets.

THE SUN has run tax table charts, tax stories, letters to the editor concerning tax problems for months, yet until a reader has a personal gripe or problem, apparently he does not read these stories.

We know, because quite frequently we get a frantic call, "Why don't you write something about taxes?" The Sun will continue to write "tax stories" and to keep the public informed to the best of its ability.

However, the responsibility rests squarely on the shoulders of every resident, to inform himself and to let his convictions be known to the governing boards of the special districts that affect his area.

If you have a "road problem," zoning problem, sheriff or police problem, of course we want to know about it . . . but we can only state the facts, bare the problem to public view. Action will come only from the governing bodies.

KNOW THEM, call them, attend their meetings as frequently as possible. Generally speaking, only a handful of people appear before the Contra Costa County Planning Commission and Board of Supervisors meetings as part of the audience . . . until something threatens a specific group in their own backyard, then the conference room is jammed.

Why wait until a problem strikes home? Familiarize yourself with how these bodies work, who serves on them, what you as a citizen can or cannot do to get action, change a law.

It's your county, your tax dollar, your well being, so why be apathetic?

## We Like It Here . . . Who's Pushing the Growing Up Process?

By MARIE MONAHAN

OUR DARLING DAUGHTER, aged eleven & three-quarters years, has just returned from her first Seventh Grade Dance & heavens to betsy but my gray hairs are showing!

Not so much from age—as agitation!

IT would appear that in this accelerated era of the race for space & status symbols, that we are also rushing things in the Children's Department.

However I disapprove of dances (in the evening, yet!) for that 11-12-year old bracket, I did not hold her from it . . . but spent the time of her absence, lingering over the dishes while my heart did flip-flops thinking about her on this most auspicious occasion, her first dance—Avec Boys!

It seems our suburban society is unduly conscious of cotillion, assembly, school & country club social gatherings & introducing the same to our rosy-cheeked sprouts practically as soon as they're rid of their rompers.

AND when Mama is caught up in a maelstrom of other Mamas tooting their own social trumpets & touting their tots & pre-teens for a premature try at the terpsichore, then what does she do, however much she disagrees? Nothing!

SHE GIVES IN. To her child & to conformity.

It's a rare mother who doesn't & hooray for her! I think I know ONE!

Some years ago, my oldest boy, then in third grade summer school, was studying his first basic baby Francaise when lo & behold if a note didn't arrive one day inviting the parents along on the french dinner planned at a local French restaurant for this group of lilliput linguists. (They could, at that point, just about master a reasonable facsimile of Frere Jacques.)

I WAS ASTONISHED. Not only by the unusual invitation for mother & dad to dine with the youngsters at the ungodly hour of 4:30 p.m. in the afternoon but at the prices quoted for dinner. Around \$2.75 for the kiddies, \$3.75 upwards for adults.

If I'm going to go out to dinner & spend a fiver, you can bet your boots I don't want my candlelight & demi-tasse to the tune of noisy children in the middle of the day.

Remembering that we studied French conversationally for two solid years before we were feted at a family French restaurant in SF & considered it by then, a reward, a treat & an education, I sent the note back with an adamant "No Thanks" & a few facetious footnotes.

As the date neared & it was reported that the entire class was going, I relented & sent my young son along, figuring at least if he couldn't order snails or frogs legs in French (which he wouldn't anyhow) that at least he'd get a lesson in thriftiness at the sight of the sizeable French soup tureen.

LET ME TELL YOU that when that child came home with Southern Fried Chicken stains on his suit pants & chocolate pudding down the front of his shirt, I could have kicked myself. Not to mention the teacher & whoever had the nerve to serve up such a sacrilege of a supper. In the name of France, yet!

BY THE same token, it seems ridiculous that certain underpinnings (size 30-A) become standard equipment in the wardrobe of juene filles at the incredible age of ten, eleven & twelve . . . & did you know we now have Pom-pom girls at the sixth grade level?

To think it all started with Somebody's Mother . . . & we don't mean Whistler's!

Look, Ma, you're pushing too fast!

## What Can I Do About Children Who Argue?

By LYLE OSMON  
Of Academic Associates

What can be done about two sons who are incessantly arguing? The boys are 13 and 15 years old.

ANSWER: There are, course, many reasons why such situations occur. First and foremost realize that sibling rivalry is one of the many hazards of life.

Where a need is felt for any combination of children to jockey for position in the affection of their parents, the result of such arguments that have been mentioned here are not unusual.

Attempt to have all children realize that parental love is more easily compared with a television screen in that its size will determine the benefits and amounts that each will receive, and to be sure, that it is indivisible.

Each offspring is entitled to 100 per cent of a parent's love. Make no mistakes about thoughts that it can be divided as a pie or cake, and he, who is the nicest or most deserving, receives the largest share.

JUVENILE NAMES

Dear Editor:

You raised the question whether the names of juvenile offenders should be published. Please note an emphatic "YES" from this family. Perhaps not the first time they have created mischief, but certainly the second time, and following.

Very often depredations are caused by youngsters whose parents don't seem to care. If the offenders' names are published, not only the child, but the parents, too, will start caring in a hurry!

Quite often it is the parents' own indolent attitude and—after the deed is done swift defense of their youngsters, which encourages the latter. However, if names are published these parents would put a swift end to such behavior.

FINE ANSWER

Dear Editor:

I was much heartened by Paula Ayers letter in the October 13 Sun. Her letter was not only a fine answer to the glib remark concerning "the kind of people who build shelters," but was also a stinging indictment of certain of her elders who subscribe to a lie-down-and-die philosophy when the times call for great courage and unstinting effort on all fronts to solve the multitude of problems our age presents us.

More power to you, Miss Ayers! I hope your attitude is a true reflection of your generation. If so, I have great faith in you—if you can get the dead wood out of your way!

PATRICIA KAHN.

PUBLIC WORKS

Dear Editor:

Victor Sauer, Public Works Director, has recently stated that work on El Toyonal had been delayed primarily because the people cannot reach agreement as to what should be done first and where.

Would it not be proper at this time to determine what the limits of responsibility of the Public Works Department are?

I was under the impression that the Public Works Department had in its employ competent engineers to determine what should be done first and where.

Citizens certainly have the right to question any decision made at government level, but the county should make definite concrete proposals on conclusions drawn by specialized personnel which are employed specifically to make the proposals.

Were it in fact the other way around would anything but chaos, indecision and procrastination occur? This I suggest is just what has been happening for some time and will continue to happen until the public works department has the courage of its own convictions.

JEROME DONCHIN, M.D.

SHELTERS

Dear Editor,

I believe that foreign policy could be conducted much better without the generals' and admirals' (some active and others retired) one-sided viewpoint.

They have a right to express opinions, certainly. However, if we read our history correctly, gigantic arms buildings never prevented war.

Now, all-out war means annihilation for the vast majority of human beings. Idiotic statements by Dr. Teller and some pompous senators and some Army and Navy brass should not convince anyone.

Let's speak out for peace, for peace can be won without loss of liberty. Peace can be won without cringing in a fall-out shelter. Peace can be won without appeasement.

SHOPLIFTING

Thank you for your interest in the shoplifting clinic.

With community interest of this type I am sure that law-enforcement can accomplish its real purpose, prevention.

Your action in this field is appreciated.

## Under The Sun Agenda: Spanking, Books, Shelters and Tax Waste

By HERMAN SILVERMAN

Next to his wife, a newspaperman's best friend is his scissors. I read something interesting and clip-clip—into the file folder it goes. My file folder is overflowing, so here goes:

ITEM: More than a thousand teen-agers across the nation indicated in a recent survey they were in favor of spanking as a means of discipline, felt their behavior had improved as a result of being spanked as a child and didn't intend to spare the rod on their own children.

COMMENT: Well; I'll be darn.

Where dollars can be saved

ITEM: The U.S. General Accounting Office said it found apparent waste of \$2.8 million a year because the Army, Navy, Air Force and Marine Corps could not agree on standards for such common items as shirts, trousers and neck ties. A military deadlock over such questions as how high a shirt collar should rise on the back of a man's neck has been costing taxpayers more than \$1 million per year.

COMMENT: When will our military brass cut out this foolishness?

ITEM: Dade County, Florida (Miami and 26 other cities plus unincorporated areas) recently won a vote of confidence for its Metro Government System. Under Metro, the county government has charge of all countywide problems—traffic control, tax assessment and collection, sewage, garbage and water. The cities are limited to local problems.

COMMENT: Of course, the city and county of San Francisco has been an interesting example for many years, but "Metro" is a new approach worth watching.

What are we waiting for . . .

ITEM: The Los Angeles Public Library is debating whether to place "Tropic of Cancer" on its shelves.

COMMENT: Hats off to Contra Costa's Library Department. No fuss, no muss. The book went on our shelves with no publicity and no kicks. Whether you think Henry Miller's book is literature or just plain filth, I think most of you will agree that banning a book is not the answer.

ITEM: Adult Education Program is offering 12-hour Civil Defense Course, "Individual and Family Survival." Starts next week, 7-10 p.m., at Las Lomas High (Monday); Del Valle High (Tuesday); Miramonte (Wednesday) and Acalanes (Thursday).

Read books or ban them?

ITEM: In event of atomic attack, our school children will be "protected" in corridors, auditoriums, under desks and other "safe" locations.

COMMENT: We are all at fault—citizens and government. Aren't most of us now waiting some direction from government on fallout shelters for schools and communities. If it isn't forthcoming, then perhaps the people will have to demand action and support it.

ITEM: Come join us Wednesday, November 15 for an Evening of Travel—at Acalanes High Cafeteria, 8 p.m. This is part of The Sun's 25th Jubilee Year program. Whether you're interested in The Sun's Jubilee Holiday to Europe is not important. Come see the movies, the entertainment and have fun. It is a week from next Wednesday.

## Letters to The Editor

FLOOD

Dear Editor,

It is traditional for those who appropriate the right-of-way for another man's flood water to provide for their own improvements.

This tradition is followed strictly with every subdivision built in this county.

We may feel sorry for those who have built low, but it is their problem.

THE SO-CALLED flood control proposal was opposed because it would have benefited the owners of thousands of acres of vacant land at the expense of the taxpayers.

This is emphatically not traditional, and the scheme would have made a very "good thing" for some people out of flood damage to others.

When the proponents took their project to the Pork Barrel in Washington, it did not pass there either as a legitimate flood control project.

The City of Walnut Creek was then added to the project even though a lined channel was nearly complete.

WORK has been stopped along the main channel because if the improved property there were protected it would "jeopardize" our chance of getting "free" benefits to the mudflats.

The subsequent report by the Corps of Engineers showed a more "favorable" ratio of improvements to vacant land, and stated vaguely that the flood plain is criss-crossed with streets, roads, highways, railroads, power lines and utilities.

On challenging the Corps of Engineers to defend some of the hokum, errors and omissions to be found in the report, employees told me that the corps had made no study of this area.

Information was supplied by the "locals," and the corps had merely assembled a report in proper form for submission to government channels. Thus the corps is not responsible for false reporting.

VALUABLE time is being wasted in this obvious political activity. While our engineers are talking about 30-year and 100-year storms, we should be preparing for three-year storms. The next is due any time.

It is time to get on with the legitimate flood control work for the protection of taxpayers.

An extravagant scheme like that proposed merits our opposition, and will be opposed vigorously.

# Del Valle Still Undefeated; San Ramon Triumphs

**DEL VALLE HALFBACK** Cliff Schroeder has got his eyes on those three white-shirted tacklers converging on him as he turns right end in last Friday's game at Las Lomas. However, he can't see the fourth member of the pursuit party who is about to nail him from behind. Del Valle won its sixth straight, 39-0, over Junipero Memorial.

**ACALANES HALFBACK** Jack Squires does some fancy stepping as he avoids one San Ramon tackler, but he didn't go much farther as a second Wolf prepares to make the stop, while two more come up to help out. Squires' footwork paid off as he gained three yards and a first down. Acalanes didn't get enough first downs, however, as San Ramon won, 19-6.

**A QUICK CHANGE** of pace by Del Valle Halfback Bill O'Toole enabled him to avoid this Junipero Memorial tackler and go on to pick up 21 yards in last Friday night's game. Sun photos by Bob Rush.

## Alhambra Is Stubborn, But Knights Win, 28-0

A stubborn Alhambra team smashed over the six points with 3:37 remaining in the quarter. The Knights iced the contest with two fourth quarter touchdowns.

Las Lomas controlled the football most of the entire game, but could not score its first touchdown until late in the first half.

Three times in the first two quarters the Knights pushed deep into Alhambra territory, but each time the Bulldogs held.

After intercepting a Las Lomas pass on their own 15, the Bulldogs moved to the visitors' 35 for their best offensive effort of the evening.

Their hope for a halftime lead over the heavily-favored Las Lomas team was ruined by Len Haentjens who intercepted a pass by Quarterback Jim Hammett at the 34.

**AFTER** Quarterback Mike Breuleux was thrown for a seven yard loss on a pass attempt, the Knights tried the oldest play in the book—and it worked to perfection.

Breuleux went back to pass again, but this time he gave the ball the Halfback Perry Conner on the Statue of Liberty play.

Conner followed perfect blocking around his own left end and raced 77 yards to paydirt.

Only 55 seconds remained in the half as Breuleux kicked the first of his four conversions.

After Alhambra gambled and lost the ball on downs late in the third quarter, the Knights took over on the Bulldog 43.

Las Lomas used just three plays to go two touchdowns up. BREULEUX hit End Bob Nordeman for 12 yards; Perry Conner raced 30 yards to the one, then Fullback Larry Gable

## Miramonte Wins 'Mud Bowl' from Piedmont, 13-0

By ROGER JERNIGAN

Miramonte battled through the rain and mud last Friday afternoon to gain a 13-0 victory over visiting Piedmont in the Foothill League game.

The win was the first in league competition for the Matadors and it washed away the hopes of the Highlanders for a repeat of last year's co-championship.

Miramonte Doug Marsh, who was playing first string for the first time this season, triggered the Matador win by scoring the first TD.

Marsh sloshed 36 yards to paydirt late in the first half after Bob Williams had intercepted a Piedmont pass at midfield.

Just 3:12 remained in the half when Marsh scored.

**NEITHER** team could get a real offensive drive underway the rest of the game.

Miramonte capitalized on a break late in the game to score its second TD.

A Piedmont back could not hang onto the slippery pigskin on a punt and Dean Higler was there to fall on it at the Clan 12.

**AFTER** two plays, Hilger smashed to the six-inch line, then Tom Gaffney plunged into the end-zone with 4:57 remaining in the contest. Lewis kicked the 13th point.

The wet-going definitely hampered the passing attack previously featured by the Highlanders in league competition.

Quarterback Steve Hogan had two aerials intercepted by Williams and a third by Lewis.

Jim Bozek recovered two Piedmont fumbles to end threats by the Scots.

## Mats, Trojans Win in Frosh Play; Dons Lose

Nelson Anderson scored three touchdowns to lead Miramonte to a 20-7 victory over Piedmont last week in frosh football.

Piedmont drew first blood in the second quarter when it scored on a 30-yard pass play and kicked an extra point.

Miramonte roared right back and Anderson raced 40 yards for his first touchdown.

The try for extra point failed, but with seconds remaining in the first half, Anderson scored again from 10 yards out.

Midway through the third quarter Anderson plunged one yard into the end zone for the final touchdown.

**THE WIN** coupled with a San Ramon loss to Del Valle put the Mats in second place in the Foothill Frosh League.

Del Valle beat San Ramon, 12-6.

The Wolves scoring a lone tally on a 90-yard kick-off return by Rich Lang in the third period.

Del Valle scored in the first and fourth quarter to gain the win.

Acalanes lost to Alhambra, 13-8, to conclude action last week.

The Dons scored the first tally when Mark Jamolys intercepted a Bulldog fumble in the air and raced 60 yards for the touchdown.

Dan Weeks tackled a Bulldog in the end zone during the course of the second period to give Acalanes another two points.

Alhambra came back in the last half to score two touchdowns.

Las Lomas, in first place with four wins and no losses, had a bye.

## Last Minute TD Foils DVC, 14-13

After last week's last minute loss to the San Jose City College Jaguars, the Diablo Valley College Viking footballers will travel to Vallejo tonight to meet the Redskin eleven.

The game will start at 8 p.m. An 80-yard punt return by Al Kogura of San Jose turned a Viking victory into a quick defeat, as the Jaguars pulled out a 14-13 win in the last 29 seconds at San Jose last Friday night.

The victory made it eight years in a row that San Jose has kept the jinx on Diablo Valley.

**THE HOST** club still trailed DVC, 13-12, after Kogura's stirring run.

Going for the two points, Quarterback Terry Maruyama threw a perfect strike to Ray Hillard to give San Jose its 14-13 margin.

San Jose scored first after the Vikings fumbled the slippery pigskin on their own 34.

It took the home club nine plays to crack the Viking defense for its 6-0 lead.

Neither team could get their offense clicking in the second quarter as the rain caused numerous fumbles.

DVC finally scored in the third quarter after recovering a fumble on the San Jose 42.

On the first play, quarterback Tom Strain hit Doug Inman, who scampered all the way to paydirt.

**STRAIN'S** PA attempt hit the crossbar and bounced back to leave the game tied at 6-6.

The Jags advanced to the Viking 28, but fullback Tom Brown picked off a sideline pass and galloped 77 yards to put the Vikings out in front for the first time.

Strain's conversion attempt was good this time to make the score 13-6.

# College Park, Miramonte Eye Upsets in Key Games

## Knights Are Favored Over Mats; CP Is Underdog

In the top high school game tonight, Las Lomas is the unanimous choice to defeat Miramonte for its fourth straight Foothill League win.

The Sun's four sports writers have all picked the Knights, but the point spread is very slim.

Dave Anderson picks Las Lomas by one point while the other three pick the Knights to win by six.

In the co-attraction in the FAL, San Ramon is the majority choice to keep pace with Las Lomas.

Roger Jernigan picks the Clan to win. The other three staff members pick the Wolves to win by either one or two touchdowns.

In another game of local interest, Acalanes is favored over Alhambra, but it is expected to be a close game.

In the top games in the Contra Costa Division of the DVAL, Pittsburg is a majority choice over College Park and Mt. Diablo is everyone's pick to defeat Clayton Valley.

Del Valle, seeking its seventh straight triumph, is a majority choice to defeat St. Elizabeth's of Oakland.

Hec Hancock thinks the Trojans will find defeat number one in Oakland.

After missing on his "Wild Card Pick of the Week" for the third straight time last week, Sports Editor George Colburn

## Eagles Surprise Falcons, 44-7, For 1st CCD Win

After three shoddy performances in a row, Clayton Valley erupted for a 44-7 win over College Park last Friday night at the Pleasant Hill High School field. It was the Eagles' first win in league play.

The Eagles scored in every quarter and completely throttled the Falcons' previously strong ground game in the one-sided contest.

Quarterback Dave Madsen was the big gun as he scored twice in the first half as Clayton Valley jumped to an 18-7 advantage. He pitched one TD pass in the second half, also.

AFTER Madsen had raced 59 yards for a TD early in the first quarter, College Park came back for a short-lived 7-6 lead early in the second period.

Quarterback Loran Speck smashed into the end zone from one yard out to culminate a 39-yard drive. Dick Larscheid booted the PAT.

Following the College Park kickoff, the Eagles moved 55 yards in six plays with halfback Gord Martindale covering the final 32 yards off tackle.

The Eagles scored again late in the period when they held College Park deep in its own end and took the punt on the Falcon 25.

Five plays later Madsen went over from six yards out to give the Eagles their halftime advantage.

ANY HOPES of a comeback entertained by College Park during the halftime intermission were rudely erased when Bud Beemer took the third period kickoff and raced 98 yards to paydirt.

The Falcons tried to get back in the game, but got only as far as the Clayton Valley 30.

The Eagles took over and moved the other way in eight plays for their second score of the third period.

Madsen hit Martindale on a 22-yard screen pass which capped the drive.

Quarterback Terry Caviglia finally converted to make it 31-7 going into the final period.

The Clayton Valley defense had the distinction of scoring the Eagles' final two touchdowns.

Guard Steve Hanson picked up a Falcon fumble and romped 51 yards for the Eagles' sixth TD of the evening and Von Magnus scooped up a blocked punt and raced 40 yards to cap the night's scoring deluge.

sees the Philadelphia Eagles cooling off the Chicago Bears in an important NFL game Sunday, 24-23.

## Dons Win, 33-6; Take Over 2nd In JV League

Acalanes blasted winless Alhambra, 33-6, last week in a junior varsity contest to move into second place in the league standings.

In the first quarter, Bill Eigard ripped 12 yards to the score and ignited the Dons' offense.

Quarterback Bob Strain passed to Jim Perego for the second tally and kicked the extra point. The Dons led 13-0 at halftime.

In the third period Al Bartolucci plunged two yards for the TD.

Tom Bevalacqua raced 45 yards in the fourth quarter for the fourth TD and Tom Coliell made the final touchdown.

Acalanes took over second place in the league standings by virtue of the win.

**PIEDMONT** remained in first place with a 12-0 win over Miramonte.

The Matadors came within five yards of a score, but a penalty stymied the drive.

Jim Lesh scored the tying touchdown in the fourth quarter with 24 seconds remaining in the game.

San Ramon scored in the first period when Tom Angelo smashed 15 yards to paydirt. Wayne Canterbury passed 40 yards to Cliff Simmen for the other TD.

## Pleasant Hill Title Hopes Smashed By Pittsburg, 6-0

Halfback Albert Lea raced 84 yards in the third quarter for the only touchdown of the game as Pittsburg moved Pleasant Hill out of first place in the Contra Costa Division of the DVAL last Friday night in the Steel City, 6-0.

Pleasant Hill, with a bye this week, is 3-1 in league play. Pittsburg, facing College Park tonight, is 3-0 in league play.

Mt. Diablo is in second place with a 2-0-1 record and has a good chance of grabbing its fourth straight CCD title.

**THE RAMS**, riding a five-game winning streak going into last Friday's game, dominated the statistics, but could not find the payoff combination when they got close to touchdown territory.

With the score knotted at 0-0 in the third period, the visitors recovered a Pittsburg fumble on the Pirate 24.

The Rams could not move to the six where they gave up the ball on downs.

Pitt moved to a first down on a 10-yard burst by Lea.

After Gary Wakefield was held for no gain, Lea broke through the left side of the line, shook loose from several Pleasant Hill tacklers and streaked to the promised land.

**THE TRY** for extra point was blocked.

Late in the fourth quarter the Rams started a drive after Halfback Jim Stephenson intercepted a Pitt pass and ran it back to the Ram 43.

Pleasant Hill drove to the Pitt 17 before Quarterback Nelson Shelton was thrown for a loss on a fourth down pass situation.

Pitt took over on the 24 and ran out the clock.

Pleasant Hill dominated the statistics, picking up 12 first downs to four for the Pirates.

The Rams picked up 187 yards rushing while Pitt had 162. Passing, the Rams had a 37-4 advantage.

Lea, 145-pound junior, carried the ball 12 times for 133 yards to lead all rushers.

Halfback Dave Clark carried 29 times for the Rams, picking up 98 yards.

## PH, CP Frosh Win, But JV Teams Lose

College Park was shutout by Clayton Valley, 20-0, last week in a Jayvee clash. The Falcons made it into Eagle territory twice, but could not score.

College Park Frosh met with better luck and defeated Clayton Valley, 12-7.

Steve McPharland scored both touchdowns for the Falcons. The first was an end sweep for 40 yards and the second on the same play for 15 yards.

The Pleasant Hill Jayvee team dropped a contest to Pittsburg, 18-6.

Rich Zeidro plunged over from two yards out in the final period for the only Ram touchdown.

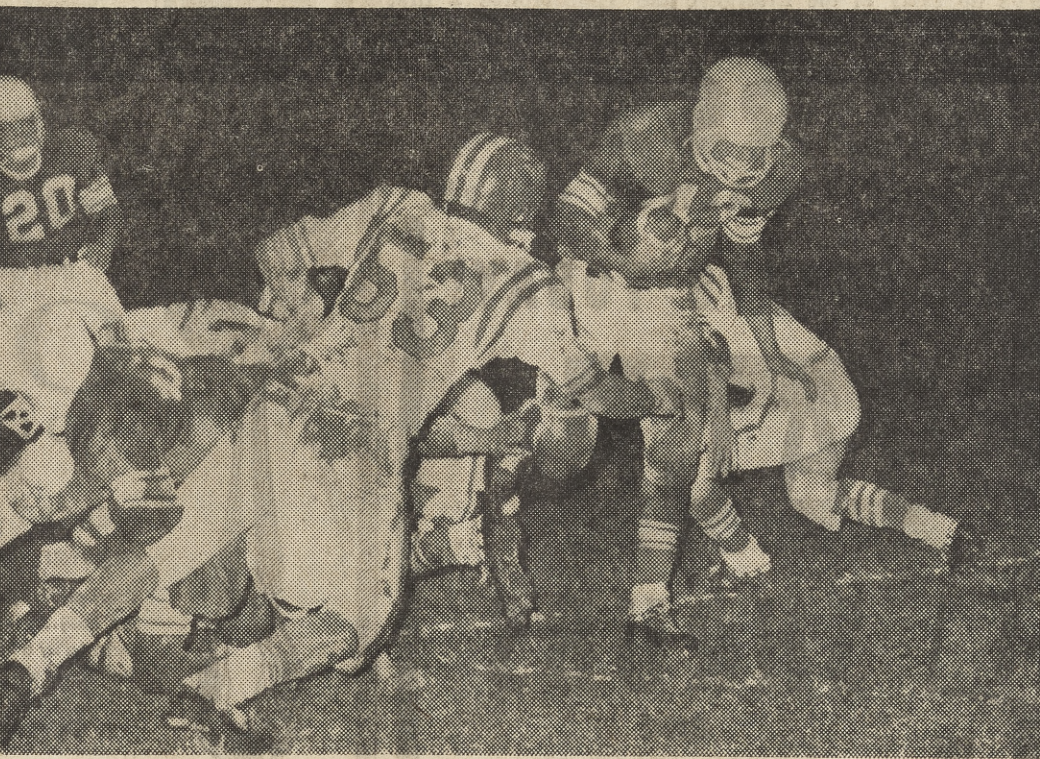

The Pleasant Hill Frosh, behind the quarterbacking of Jim Forney, scored a 13-6 victory over Mt. Diablo.

In the third period a 45-yard pass from Forney to Dave Grey set up the first tally. Forney then passed to Tim Conger for the PAT.

In the fourth quarter Forney tossed another aerial to Grey for the winning touchdown. The play covered 20 yards.

**SCORING PARADE**—Del Valle Fullback Mal Cameron slams into touchdown land from one yard out to score the Trojans' fourth six-pointer of the first half last Friday night against Juipero Memorial. ## Del Valle Prepares for 'Toughest Foe' Tomorrow

By DAVE ANDERSON

Tension is running high at Del Valle as the Trojan football team prepares for the most important clash of its short varsity history.

The men from Troy will do or die against St. Elizabeth's of Oakland tomorrow at the Castle-mont High School football field in Oakland. Kick-off time is slated for 1:30 p.m.

St. Elizabeth's Mustangs, currently sporting a 4-1-1 record, have an impressive season to look back on, and they certainly will be out to keep their slate in its fine condition.

The Mustangs have a heavy line, averaging 190 pounds per man as against Del Valle's 175 pound average.

They operate from two basic formations, the single-wing (for a power running game) and the straight T formation. The team passes and runs well, and has moved the ball almost at will this season.

**IN EARLIER** season play St. Elizabeth's turned back St. Vincent's of Vallejo, 6-2, a team currently rated as the eighth best team in the entire Bay Area by one well-known East Bay newspaper. St. Vincent's currently leads the East Bay League with a 5-0 mark.

Both the Mustangs and the Trojans have played Junipero Memorial High School from Monterey, the Mustangs winning 20-6, and Del Valle defeating them last week, 39-0.

This is not a true comparison, however, as last week St. Elizabeth's turned on a dazzling display of power in humbling Lick Wilmerding of San Francisco 58-0. The victim was considered to be a pretty fair ball club.

Del Valle looked impressive in its last outing against Junipero Memorial High, as the Trojans dominated the contest, 39-0.

The Trojans capitalized on the long gainer as they struck time and again for the touchdown. On the third play of the game, Bob Kovats hit Bill O'Tolle for a 85-

yard pass play for the first Del Valle score. The conversion attempt failed.

KOVAT'S hit Max Christiansen for a 47-yard pass and run effort for a second touchdown.

Mal Cameron plunged over a tackle from one yard out for the next two scores, which culminated drives of 60 and 63 yards each.

On the latter touchdown, Cameron scored Del Valle's first extra point of the game by sweeping around right end.

Kovats threw a 22-yard strike to Christiansen a gain for Del Valle's fifth TD, and Jim Christiansen ran the PAT.

Sub Quarterback Ray Cox threaded the needle twice on Del Valle's last drive to hit Perry Thornton for two 15-yard passes, the latter going for the touchdown. Randy Quaddro kicked the PAT for Del Valle's first kicked PAT.

In total yardage, Del Valle out-gained Junipero 345 yards to 97. In passing, Del Valle picked up 174 to 19. The Trojans garbed nine first downs to four in completely dominating the play.

Coach Jerry Bellon was especially pleased with the defensive effort, and the individual work of Quadros, Cameron and Christiansen.

Concerning tomorrow's conflict, Coach Bellon says, "Without a doubt, this is the toughest ball game we will have this year."

The game will feature two teams that like to score and that have displayed rock-ribbed defenses.

## Acalanes Scores Touchdown, But Wolves Win, 19-6

Acalanes scored its first touchdown on the 1961 season but they were two touchdowns shy of a victory as San Ramon remained in a tie for first place in the football league, 19-6.

The Dons, who went 21 quarters with a TD, finally scored in the second period at Danville last Friday night. But, the host Wolves were already on top, 13-0.

The Dons' defensive unit, which was able to make a safety stand up for a victory over Miramonte the week before, couldn't stop San Ramon quarterback Jim Geldermann who passed for two touchdowns despite a rain-soaked field.

**IT WAS** the third straight FAL win for the Wolves after they had gone 11 games without a victory prior to league play three weeks ago.

San Ramon jumped out in front midway through the opening stanza when fullback Mike Mivelaz swept left end and raced 62 yards to paydirt on the muddy track. Kit Carson's extra point try was no good.

Mivelaz scored his second TD of the game in the second period. He was on the receiving end of a Geldermann pass that was good for 20 yards and the score.

Carson's extra point boot was good this time, giving the home club a 13-0 advantage.

The usually impotent Dons tried to make a comeback and got within one touchdown of the Wolves by scoring a six-pointer for the first time this season.

Acalanes moved 70 yards in 11 plays with fullback Mike Hallock hitting paydirt from the two-yard line.

**IN THE** second half, the Dons battled the favored Wolves on even terms until Geldermann unlimbered his pitching arm in the fourth period.

This time he hit end John Lucas on a play that covered 48 yards and ended the Dons' hopes for their second straight upset.

Acalanes, humiliated in three non-league games, has been very much "in" its three FAL games so far.

They dropped a heartbreaking 6-2 decision to Las Lomas in a game that could easily have gone the other way; knocked off favorite Miramonte out of the FAL race, 2-0, then fell grudgingly to San Ramon, 19-6.

## Las Lomas Hosts Mats; Falcons Invade Pitt

By GEORGE COLBURN  
Sports Editor

San Ramon and Las Lomas will be seeking their fourth straight Foothill League wins tonight in preparation for next week's deciding battle between the two league leaders.

Both teams face tough fights tonight. San Ramon visits Piedmont to battle the ever-dangerous Clan, while Las Lomas entertains Miramonte in Walnut Creek.

In another Foothill League clash tonight, Acalanes hosts winless Alhambra.

In the Contra Costa Division of the DVAL, College Park will try to knock off undefeated Pittsburg in the Steel City (story on this page).

**TOMORROW** afternoon, Del Valle shoots for seven in a row against tough St. Elizabeth's in a game at Oakland (story on this page).

In tonight's important FAL battle at Las Lomas, the Matadors will be going all out to knock the Knights from the top of the heap.

After winning three straight non-league tussles, the Matadors slumped to two straight upset losses in FAL play before com-

## Games Tonight

Miramonte at Las Lomas. 1/2 San Ramon at Piedmont. \* Alhambra at Acalanes. \* College Park at Pittsburg. \*\* Del Valle at St. Elizabeth (Saturday, 1:30 p.m.) All games at 8 p.m. \* Foothill Athletic League games. \*\* Contra Costa Division (DVAL) games.

ing back with a win over Piedmont in the rain last Friday afternoon.

The loss eliminated the Clan, last year's FAL co-champion, from the title chase.

The Mats would like to have a hand in knocking off the Knights—it would make the season worthwhile.

Both teams have excellent defenses.

Miramonte has given up only 16 points in three games while recording one shutout.

**LAS LOMAS** has also given up 16 points with one shutout.

Playing on their home field and with an undefeated record in league play to date, the Knights will be a slight favorite in tonight's battle.

However, no one is disregarding the chance of an upset.

The Mats are given a good chance of pulling the rug out from under the Knights.

Miramonte held Las Lomas to a 19-19 tie last year keeping the Knights from a share of the FAL crown.

They'd like to do something similar tonight.

In the co-attraction in the FAL, San Ramon will have to be at its best to subdue the Clan.

**ALTHOUGH** a loser in five of six games this year, the Highlanders gave Las Lomas a good scare two weeks ago and last week could not get their passing attack working in the rain at Miramonte.

Quarterback Steve Hogan will probably fill the air with passes tonight in hopes of bumping off the Wolves who have surprised everyone with their fine play in FAL competition.

After losing all eight games last season, the Wolves lost twice and managed to tie one game in non-league play before starting FAL competition with an upset win over undefeated Miramonte.

They followed that big first win with two more over Alhambra and Acalanes.

Now, San Ramon finds itself tied for the top spot with just two games left.

There's no doubt that the game tonight is the Wolves' biggest one in several years.

A win would mean going into next Friday's game against Las Lomas assured for a tie for the top spot.

**IN THE** other FAL game tonight, Acalanes should be able to even its 1961 league record with a win over hapless Alhambra.

A win would assure the Dons of a high finish in the FAL race and make the season fairly successful after a horrible start.

In league play, the Dons have not been outclassed as yet. They almost upset Las Lomas, defeated Miramonte and gave San Ramon a good run for its money. They should be able to win No. 2 tonight.

## Rawlings Duo Wins WHCC Ace Contest

Mr. and Mrs. Jack Rawlings won the Walnut Hills hole-in-one contest held October 20.

They were 11 feet, five inches from the pin with their shot. George Willis and Evelyn Ferguson were runnersup with a shot 11 feet, 7 1/2 inches from the pin.

## Falcons Hope to Knock Off League Leader Pittsburg

After an unexpected trouncing to Clayton Valley last week, College Park will try to turn goliath again tonight against Contra Costa Division leader Pittsburg in the steel city.

Prior to last week's 44-7 shellacking, the Falcons had lost only one game and that was by one point.

Pittsburg, rated as the dark-horse in the CCD race, has now won three straight games.

It's win last week over Pleasant Hill dislodged the Rams from the top spot and established Pittsburg as the team to beat in the CCD race.

**COLLEGE PARK**, which can have no complaints about its first varsity season, will be trying for win no. 5 tonight.

A Falcon triumph would put cross-town rival Pleasant Hill back in the running for the league flag.

The Rams close out their season with games against College Park (next week) and Mt. Diablo.

The Red Devils are the third team still in contention for the CCD title.

The Devils have two league wins and one tie and are waiting in the wings for Pitt to falter.

Coupled with Pleasant Hill's loss last week, the Devils are now in second place.

**TONIGHT** they take on Clayton Valley and are definite choice to win number three.

The Eagles finally returned to early-season form last week against College Park after three disappointing games.

The win was CV's first in league play after losses to Pitt and Pleasant Hill.

The Eagles might be a hard bunch to handle tonight.

The Devils, seeking their fourth straight crown in the CCD, will have to be at their best if Clayton Valley is "up" for this encounter.

Pleasant Hill draws a bye this week and will be rooting for College Park and Clayton Valley to help its cause.

Antioch and Pacifica meet in the other CCD battle tonight.

# A Special Visit

"Friendly visitors" help brighten the lives of hundreds of older persons who reside in convalescent homes and hospitals in the central portion of Contra Costa County.

"Remarkable changes take place in the lives of these people who often feel lonely and forgotten, but who become hopeful and rehabilitated through our friendly visitor program," said Mrs. Eleanor Taylor, executive of the sponsoring volunteer bureau.

There are more than 500 persons in boarding and nursing homes for the aged in this area, alone, she said.

EXPANSION of the local program into a demonstration project has been approved by the county board of supervisors, which recently approved an application for state funds.

Those state funds would be matched by funds raised by the bureau, the community welfare council, the mental health association, the county social service department, Red Cross and the council of churches.

Additional training and the

assistance of consultants would become available through the new financing, Mrs. Taylor explained.

Local men and women may become "friendly visitors," offering one hour a week or more, said Mrs. Taylor.

TRAINING sessions are being held at the Greater Mt. Diablo Red Cross building on Ygnacio Valley Road, and applications may be made there or at the volunteer bureau.

During a recent training session, Dr. Louis Girtman spoke on the problems of the aged and disabled.

Dr. Girtman is assistant director and rehabilitation director of the county medical serv-

ices, and also rehabilitation chairman of the Alameda-Contra Costa Medical Association.

## DESSERTS OF THE WEEK FROM Betty Crocker

Today, most everyone I know belongs to clubs and committees. It's fun—but hard work, too! So when the meeting's at your house, why not plan to serve a specially pretty cake that looks like work, but (your secret!) is really quick and easy. One like our French Mint Cake or Greek Honey Butter Cake. Your Betty Crocker Cake bakes up high and moist, and a little frosting trick adds the party touch.

**Cake-of-the-week: FRENCH MINT CAKE**  
Bake Betty Crocker Milk Chocolate Cake Mix in layers. Cool. Split layers, to make 4. Fill and frost cake with French Mint Icing: Whip 1 pkg. Betty Crocker Dark Chocolate Fudge Flavor Frosting Mix, 2 cups chilled whipping cream and 1 tsp. vanilla until soft peaks form. Fold in 1 cup chopped pink and white fondant mint patties. Garnish top with additional mint patty halves. Chill.

**Family favorite: BRAZILIAN MOSHA-NUT TORTE**  
Bake Betty Crocker Yellow Cake Mix in jelly roll pan, 15½x10½x1", 22 to 28 min. Cool. Cut into three 5" pieces. Fill with 1 pkg. cooked vanilla pudding, adding 1 tbsp. powdered instant coffee and ¼ cup finely chopped Brazil nuts. Frost with Betty Crocker Chocolate Fudge Flavor Frosting Mix. Sliver Brazil nuts on top.

**When the club meets: GREEK HONEY BUTTER CAKE**  
Bake Betty Crocker Honey Spice Cake Mix in layers. Frost with Honey Butter Icing: Blend ½ cup honey, ½ cup soft butter, 1 egg white and 1 pkg. Betty Crocker Creamy White Frosting Mix. Beat on high speed 1 min. To ¾ cup icing add 1 sq. unsweetened chocolate (1 oz.), melted. Make swirls around edge of frosted cake with dark icing.

BETTY CROCKER makes the difference... taste it!

# Children 'Disturbed'

Ten percent of this county's school age children are emotionally disturbed to the point where they need "professional guidance," according to county health officer Henrik Blum.

Widespread emotional and character defects are indicated among this county's children by records of the county probation officer and the sheriff's office juvenile division, Blum said.

Blum referred to the recent formation of a county-wide school health council, which will

organize community leaders in an effort to meet the problems of school children.

THESE include behavior and mental problems, also physical problems.

Skin test surveys indicate that in some areas of the county, some eight out of every 1000 school children have been infected by tuberculosis, Blum said.

Such infections require treatment with drugs to prevent their spread, he said.

"Between 15 and 18 percent of all children entering first grade have vision abnormalities which need professional evaluation," he continued.

"EARLY correction of these defects can prevent not only blindness but retardation in school work and emotional development as well.

"In addition, one in every 20 school-age children has some degree of hearing loss," Blum declared.

One third of the children inspected by county hygienists need urgent dental care.

Some 50,000 school children have been inspected by county dental teams in the past five years.

"IN ONE school district, 56 percent of the kindergarten children had never been to a dentist," said Blum.

"Dental decay," Blum continued, "could be reduced at least half if preventable

measures including water fluoridation, were applied.

"This is a potential saving of better than \$1 million a year in money now spent for tooth fillings for children in our county."

Blum said 7,000 children in this county were hospitalized for accident injuries.

THERE were 4,500 cases of child poisoning in both Alameda and Contra Costa Counties during 1958-59.

Blum's report also listed the communicable diseases during August to September. Gonorrhea headed the list with 85 cases in three months.

## Management Class Planned

Registration for Diablo Valley College's industrial management classes reopened October 23 for management personnel who missed the opportunity in September.

A similar reopening of classes is also planned for Contra Costa College in San Pablo, but details are not as yet complete.

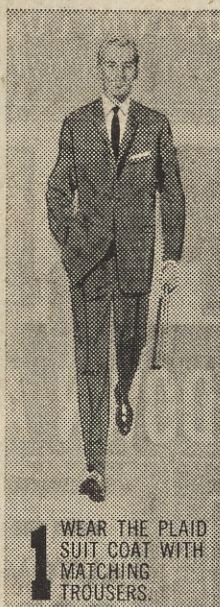

The up-dated series of courses, leading to the award of industrial supervisory certificates, include instruction in such areas as industrial psychology, personnel management, union contracts, labor arbitration, economics, and accounting. Attendance is limited to persons holding staff positions in industry.

Object of the series is to bring management personnel up-to-date on advanced technology, automation.

Candidates must file an approved application for admission before they will be permitted to enroll. Application forms are obtainable at the college, or may be requested by mail. None will be accepted after November 10.

# March of Dimes Drive Ready

Plans for Contra Costa County's 1962 new "March of Dimes" drive have been outlined. Area chairmen in 23 communities have been forming local organizations.

In a kick-off dinner at Paul's Restaurant, Martinez, more than 75 members of the county "March of Dimes" chapter discussed plans to raise \$100,000 to provide medical care for children suffering from arthritis and birth defects.

The drive, according to Coun-

ty Co-Directors Edward Larmer of Lafayette and Max Wilcox of Richmond, will open January 1. LARMER, a Walnut Creek hardware store operator, said the 1961 "March of Dimes" slogan will be "Your Dimes Will Do It Again."

He said, "The national foundation has embarked upon a new era. Polio, because of Salk vaccine—which was made possible through March of Dimes contributions—has been licked."

"We're now off to accomplish new things—to wipe out afflict-

tions like polio—which many called the impossible." Wilcox said the 1962 "March of Dimes" contributions to combat arthritis and birth defects among children was "One of the most significant and worthwhile programs ever attempted by man."

HE TOLD the local chapter

members that one-half of all contributions collected in Contra Costa County will remain here.

About 75 per cent of all "March of Dimes" funds are used in direct form to assist afflicted children, with the remainder used principally for scientific and medical research grants, Wilcox explained.

Mrs. Aline Macomber of Martinez, executive secretary of the Contra Costa chapter, said for the first time in three years the local chapter was out of debt.

"This was achieved," she explained, "we are already receiving appeals for financial assistance from mothers of children suffering from arthritis or birth defects."

"This year—for the first time in two years—we will be able to give help to these Contra Costa families," she said.

Funds collected in the preceding two-year period, Mrs. Macomber said, had been earmarked to assist Contra Costa victims of polio. Polio is still a major program of the "March of Dimes," she said.

Because of the dramatic cut-back in polio—none reported in Contra Costa County so far this year—March of Dimes funds are now being freed to be used for the national foundation's new medical aid programs.

# Newspapers Like Gas Stations—No Shortage, Says College Report

If statistics are any criterion, the Contra Costa Newspaper and Radio Guide, issued by the Contra Costa Junior College District with the opening of National Newspaper Week, disclosed paper. Of this total, 111,000 subscribers to at least one newspaper. The guide, compiled as a public service, contains a wealth of material on 33 newspapers and three radio stations. The list takes in three papers printed outside of the county, but which were included because of the size of their audiences within the county. As far as is known the directory is the first of its kind, containing listing unobtainable elsewhere from any single source. Seven daily papers, five of which are printed within the county, account for 740,734 of special interest publications account for 214,560 copies. Also distributed each week are 292,111 copies of shopping editions published by 12 papers.

# Local Cancer Study Continues

The third round of gathering data for the American Cancer Society's six-year study of the relationship of cancer to human living habits will begin in Contra Costa County early next month, Mrs. John Selley of Walnut Creek, county chairman, announced.

Of the 1,120,000 personal case histories being followed nationally, Contra Costa, a pilot county, has 2155 families.

Locally, more than 350 volunteer workers will carry out the confidential survey.

It is the largest medical survey ever attempted in the nation and is expected to bring vital information to the research on cancer and cardio-vascular diseases as well, Mrs. Selley said.

The county chairman met recently at the cancer society headquarters in Walnut Creek with key supervisors to plan for the third year's interviews.

Mrs. Selley said that all families and individuals participating in the epidemiological, or life habits study, may expect to hear from their researchers soon.

The study began in 1959 when survey participants filled in a comprehensive questionnaire about their medical histories and living habits.

In this year's follow-up, a supplementary questionnaire must be filled out in privacy and returned in sealed envelopes to the American Cancer Society.

Group leaders assisting Mrs. Selley include, in Walnut Creek, the Mesdames Richard Danon, James Ranson and Robert Sherlock.

In Lafayette, the Mesdames Marshall Steel, Jr., Harold Mutt-

nick, Harold Paige and Fred Stillings.

In Orinda, Mrs. James Moriarty, Andrew Hartanov and Fred V. Cummings.

In Danville, a representative of the Danville Junior Women's Club will be appointed. Alamo leader is Mrs. Stanley Kwiat.

In Pleasant Hill, Mrs. T. J. Maser.

In Concord, Mrs. Maurice Marcus, Mrs. Rex Thomas and Evelyn Wieland.

In Martinez, Mrs. Donald Moss.

A special meeting for Western Contra Costa County will be announced soon. Mrs. Lucille Rood of San Pablo is in charge for that area. El Cerrito leader is Mary Gianotti.

The funds came, roughly, half from local and half from state sources.

Included are expenditures by all 32 school districts and the county superintendent in all categories—capital outlay and bond retirement, current expenditures, cafeteria and child care center.

Mrs. Grace Thomson, director of business services in the county superintendent's office, said that \$52,943,445 of the total was expended for current operation and \$11,402,727 for capital outlay.

The county superintendent disbursed \$825,383 on services to the schools and special classes at Juvenile Hall and the Boys' Rehabilitation Center and four schools for mentally retarded children.

Mrs. Thomson said the 1960-61 expenditure was 1.5 per cent higher than the \$67,018,755 spent in 1959-60, which in turn was 8.7 per cent higher than the 1958-59 total of \$61,626,486.

Capital outlay declined somewhat in each successive year—from \$16,970,871 in 1958-59 to \$14,225,935 in 1959-60 and \$11,402,727 last year.

In each of the three years the greatest amount of construction was undertaken by the unified districts, chiefly due to the large building program of Mt. Diablo District, which is called upon to house an additional 2000 or so students each year.

## Adult Center Will Sponsor CD Courses

The Acalanes Adult Education Center will sponsor a series of classes in civil defense.

Classes on "The Individual and Family Survival" are planned for each of the high schools within the Acalanes High School District.

The courses will last four weeks beginning November 6 at 7 p.m.

Classes will start on the following nights: Las Lomas, November 6; Del Valle, November 7; Miramonte, November 8, and Acalanes, November 9.

"This particular course represents the most recent, updated information on civil defense authorized by State Civil Defense authorities," said Acalanes Adult Center Director William Teutschel.

"The Bureau of Adult Education in Sacramento realized that the people wished to become familiar with the latest ideas on the results of nuclear warfare.

"This course, jointly worked out by the Bureau of Adult Education and civil defense authorities, is designed to do this.

# Oaks Are California Heritage; Plant One!

On the theory that they are just too slow at growing, the home gardener often shies at planting oaks. Such an attitude is not only erroneous, it's downright dangerous. For carried to extremes, it could spell the decline of a California landmark.

If oaks seem slow to grow, it's usually because they lack the necessary aids to growing. We boost most shrubs and trees along with plenty of water and an occasional helping of food, but whoever heard of watering an oak—or even worse, feeding it? Oaks are supposed to shun moisture and even succumb to it. And feeding is just plain unheard of.

But the California Association of Nurserymen is not in agreement. The right kind of watering will help an oak as much as any tree, and food is just as well received. Small oaks from containers can become mighty trees in an amazingly short time.

**AN OAK** tree's roots should never be allowed to stand in moisture, so plant one only where drainage is good—or raise the planting area by boxing it. And always keep moisture away from the crown of the trunk.

Use a soaker and water slowly and deeply. As for feeding, use a complete plant food, starting a few months after planting and repeating applications twice a year during the tree's early years.

Of the many oaks to be found, only a very few are often seen in home use. The California live oak is the landmark of the family. How different California would be without it. Mature trees range up to 50 or 60 feet in

# St. Mary's College Gets \$10,000 Gift

A gift of \$10,000 has been made to St. Mary's College by Mr. and Mrs. Joaquin Reis of Oakland, it was announced this week by Brother S. Albert, F.S.C., president.

Mr. Reis, vice-president, Henry J. Kaiser Company, Oakland, is both a trustee and regent of the college.

The current gift is the third received from Mr. and Mrs. Reis and will be used in connection with the development program.

height and many of the modern home that's been designed under and around one or more of them. Why not reverse the usual procedure and design a planting of live oak around your home?

**WHERE A** deciduous tree is desired, try the native valley oak, a really huge tree, or the northern red oak which colors up so nicely in fall. Either can make a handsome canopy for your patio in time, and if you remember to treat them right, you'll be surprised at how short that time is.

# Marketing Conference Is Held

More than 100 sales executives from business firms in the central and eastern sections of the county attended a sales and marketing conference at Diablo Valley College October 19.

Welcome was extended by Harmon K. Howard of Walnut Creek, member of the junior college district governing board, and secretary-treasurer of the Howard Terminal Company of Oakland.

The conference, primarily for the benefit of DVC students in merchandising and salesmanship, was co-sponsored by the East Bay chapter of National Sales Executives and the Contra Costa Junior College District.

# 24 Women Raise \$2400

A group of 24 local women raised \$2400 to help the new campaign for an enlarged John Muir Hospital.

A check for \$650 this week was added to some \$1750 contributed earlier by members of Alpha Lambda chapter of Omega Nu sorority.

The latest check is the first gift received since the \$282,000 goal was established.

This is the amount of local money which must be raised to qualify for a Hill-Burton Act grant of some \$2½ millions.

Donations already received plus a \$1 million loan will make up the balance.

The \$650 check was presented by Mrs. Edward Slater, the sorority's charity chairman.

She said the members had been working "quietly but steadily" to provide this substantial donation for this community cause.

# Suburbia Today Will Have Story Of Local Boy

The story of a Walnut Creek boy who last Christmas turned the tables by giving Santa Claus a present will be told in December's edition of "Suburbia Today," a magazine section which appears regularly in The Sun.

The "Getting Around" section will have this to say:

"We wonder what five-year-old Marc Bonilla of Walnut Creek has up his sleeve for Santa Claus this year.

"Last year when little Marc got to the end of the line of children waiting to see Santa, he had a small slender package in his hand.

"Instead of having both hands open and beginning, 'I want...' Marc said, 'Here's a present for you, Santa.'"

"It was an amber-colored beard comb."

The story originally appeared in the December 15, 1960 edition of The Sun.
